Wall Mount Series

Cold Water Pressure Washers

Handheld / Electric-Powered / Direct-Drive

Shark's electric wall mount direct-drive cold water pressure washer incorporates industrial features with highly mobile design. Perfect for in-shop uses, such as maintenance rooms, labs, auto shops, golf courses, paint stores, etc. Built with a durable steel frame, the new HE-201407D+ is significantly more rugged than typical consumer substitutes, and the 1725 RPM motor is amazingly quiet. The pump has hot water seals which allows cleaning with in-house hot water. A remote on/off switch allows it to be mounted high on a wall away from the back spray. The HE-201407D+ comes with a dependable Triplex crankcase pump, high-pressure hose, and stainless steel wand.

- Ergonomic, spring-loaded **trigger gun** has insulated, two-piece twist-lock spray wand to reduce operator fatigue
- Pressure-controlled **auto start/stop** ensures motor and pump shut down automatically when trigger gun is released

MODEL:	HE-201407D+
ORDER NO:	1.106-067.0
GPM:	1.8
PSI:	1400
MOTOR HP:	2
MOTOR RPM:	1725
ELECTRICAL:	120V / 1 ph
AMPS:	20
PUMP:	Triplex Crankcase w/ 7-Year Warranty
DIMENSIONS:	20"L X 19"W X 17"H
SHIP WT:	120 lbs.

HE-201407D+

Dimensions:
20"L x 19"W x 17"H

HE-201407D+ w/ optional wall mount bracket:
8.903-613.0

- **Remote wall switch** with 10' electrical cord comes standard for convenience
- Conveniently mounted **15° quick-couple nozzle** for most effective cleaning
- **Rubber pad feet** absorb vibration for long life and keep the unit from "walking"
- Pump protected by **Thermal Pump Protector** to prevent build up of excessive heat
- Tri-lingual labels are included with **operating instructions** in English, Spanish and French on the machine for operator convenience and added liability protection.
- **36' electric cord** with NEC approved ground fault circuit interrupter for operator protection

- **Reliable industrial motor**, reset button, capacitor start and full-service factor for longer life
- **25' steel-wire braid high-pressure hose** is rated for 3000 PSI and comes with a 24-inch hose guard for burst protection
- Durable **unloader** diverts water flow when trigger gun is not in use

More than 80 hot- and cold-water models!
