## Hammerhead Series

## Cold Water Pressure Washer Portable / Gas Powered / Direct Drive Pump

The Shark Hammerhead series is a value-priced, high quality line of cold water pressure washers. Designed for quick off-the-floor sales, these units offer high-performance features at a great value that appeals to both casual and professional users. Powered by reliable Kohler or Honda engines, Shark offers you your choice of units with axial pumps or crankcase pumps featuring an industry-leading warranty. The E-Z Start Valve assures resistance-free pull starting of the GX390 engine. Four quick-couple nozzles are made of hardened stainless steel and color-coded to easily select desired spray pattern. The precision-welded frame has been ergonomically designed to optimum maneuverability.

Designed for **quick off-the-floor sales**

**Fully featured design** = Great value, lots of performance

**E-Z start valve** for resistance-free pull starting of the Honda GX390 engine

## Hammerhead High-value cold water pressure washers

*Provides ideal balance in contractor performance, ruggedness and affordability*

The Shark Hammerhead series brings together in one direct-drive cold water pressure washer the favorable balance of cleaning power with portability. The four Hammerhead DD models provide a broad range of cleaning power, from 2.3 GPM at 2300 PSI to 3.8 GPM at 3500 PSI. The ergonomically designed frame makes for easy maneuvering on any terrain. The handle easily flips around for storage in tight spaces.

## DETERGENTS Fast-cleaning, commercial-grade

*Custom formulated especially for pressure washers*

Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. All detergents are engineered specifically to be metered through a hot- or cold-water pressure washer with a high dilution ratio, making the cost-in-use very economical. Available in 1 gallon liquid jugs and 1.5 lb jars of powder concentrate.

## CYCLONE SURFACE CLEANER

*Attaches to a pressure washer to clean flat surfaces faster*

The optional Shark Cyclone attaches to a hot or cold water pressure washer (up to 200°F) to clean flat surfaces as much as ten times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

**Rental Tough**

Originating over 20 years ago, Shark pressure washers were developed to withstand the most demanding environment - the rental industry - where durability and reliability are tested to the max. Today, Shark's dominating reputation for ruggedness and safety, as well as the strongest warranty offering in the cleaning industry, is recognized by a broad array of cleaning professionals and commercial contractors.

More than 80 hot- and cold-water models!
